## **INFORMATION CIRCULAR**

(As at July 26, 2006 except as indicated)

**HUDSON RESOURCES INC.** (the "**Company**") is providing this information circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general and special meeting (the "**Meeting**") of the Company to be held on Thursday, August 24, 2006 and at any adjournments thereof. Unless the context otherwise requires, when we refer in this information circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

### **APPOINTMENT OF PROXYHOLDER**

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "Management Proxyholders").

**A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.**

### **VOTING BY PROXY**

**Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting.** Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

**If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.**

**The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting.** At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

## COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at Pacific Corporate Trust Company, 10<sup>th</sup> Floor, 625 Howe Street, Vancouver, British Columbia V6C 3B8, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

## NON-REGISTERED HOLDERS

**Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting.** Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely an unregistered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to "non objecting beneficial owners". If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

## REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the

Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least seven days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

### VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value, of which 20,856,676 shares were issued and outstanding as at July 20, 2006. Persons who are registered shareholders at the close of business on July 20, 2006 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, directly or indirectly, or controls or directs shares carrying 10% or more of the voting rights attached to all shares of the Company.

### ELECTION OF DIRECTORS

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Amisano Hanson, Chartered Accountants were first appointed as auditors of the Company on April 26, 1999.

## **MANAGEMENT CONTRACTS**

No management functions of the Company are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

## **CORPORATE GOVERNANCE DISCLOSURE**

National Instrument 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

### **Independence of Members of Board**

The Company's Board consists of four directors, three of whom are independent based upon the tests for independence set forth in Multilateral Instrument 52-110. Robert Chase, Dr. John Ferguson and John W.W. Hick are independent. James Tuer is not independent as he is the Chief Executive Officer and Chief Financial Officer of the Company.

### **Management Supervision by Board**

The operations of the Company do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent directors are however able to meet at any time without any members of management (including the non-independent director) being present. Further supervision is performed through the audit committee which is comprised of a majority of independent directors. The audit committee meets regularly with the Company's auditors without management being in attendance.

## Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the following table.

<u>Name of Director</u>	<u>Names of Other Reporting Issuers the Director is a Director of</u>
James Tuer	N/A
Robert Chase	Lexacal Investment Corp., Pacific Northern Gas Ltd., Pender Financial Group Corporation, Dome Ventures Ltd., Red Back Mining Ltd., and Western Uranium Corporation
Dr. John Ferguson	N/A
John W. W. Hick	Cambior Inc., Queenstake Resources Ltd., Revett Minerals Inc. and Silver Eagle Mines Inc.

## Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information;
2. access to management and technical experts and consultants; and
3. a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records. The Company's current directors all have significant experience with public companies and/or public markets, including other management and/or board experience, particularly in the resource sector.

## Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet its responsibilities to shareholders. The Board has adopted a Code of Conduct that is posted on the Company's website, which mandates that management and employees must abide by such Code.

## Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses, from time to time, potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board, representatives of the mineral exploration industry and other relevant sources are consulted for input on possible candidates when required.

## **Compensation of Directors and the Chief Executive Officer**

The independent Directors are Robert Chase, Dr. John Ferguson and John W. W. Hick. These Directors have the responsibility for determining compensation for the directors and senior management.

To determine compensation payable, the independent directors review compensation paid to directors and senior management, including the Chief Executive Officers of companies of similar size and stage of development in the mineral exploration industry and determine appropriate compensation arrangements reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the independent directors annually review the performance of the Chief Executive Officer in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

## **Board Committees**

As the directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger board of directors, the Board has determined that matters which might otherwise be dealt with by other committees of the board are best dealt with by the entire board and, therefore, that additional board committees are not necessary at this stage of the Company's development.

## **Assessments**

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual directors and each of its committees. As part of the assessments, the Board or the individual committee may review its mandate and conduct reviews of applicable corporate policies.

## **AUDIT COMMITTEE**

### **The Audit Committee's Charter**

#### *Mandate*

The primary function of the audit committee (the "Committee") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. - Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- Review and appraise the performance of the Company's external auditors.
- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

### *Composition*

All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company's Charter, the definition of "financially literate" is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements.

The members of the Committee shall be elected by the Board of Directors at its first meeting following the annual shareholders' meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership.

  - i. the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its external auditors during the fiscal year in which the non-audit services are provided;
  - ii. such services were not recognized by the Company at the time of the engagement to be non-audit services; and
  - iii. such services are promptly brought to the attention of the Committee by the Company and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Provided the pre-approval of the non-audit services is presented to the Committee's first scheduled meeting following such approval such authority may be delegated by the Committee to one or more independent members of the Committee.

#### Financial Reporting Processes

### **PARTICULARS OF OTHER MATTERS TO BE ACTED UPON**

The Company previously adopted a 20% fixed stock option plan. The board of directors has adopted a new 10% rolling stock option plan to replace the earlier plan.

The purpose of any stock option plan is to allow the Corporation to grant options to directors, officers, employees and service providers, as additional compensation, and as an opportunity to participate in the profitability of the Corporation. The granting of such options is intended to align the interests of such person with that of the Corporation. Options will be exercisable over periods of up to five years as determined by the board of directors of the Corporation and are required to have an exercise price no less than the Market Price as defined in the Plan prevailing on the day that the option is granted.
